***Get To Know Nicole Parlier!***  
***Board Member, AFP Central Illinois Chapter***

**What is your professional job title and role on the Central Illinois AFP Board?**

.I have been with the American Diabetes Association for sixteen months as their Market Manager for Peoria and Bloomington. I am the Vice President of Professional Advancement for our local AFP Chapter and lead a committee that coordinates our chapter monthly meetings including the topic, speakers and locations.

**Why/how did you get into fundraising?**

After working in for-profit radio sales for 6 years, I took a nonprofit development position with the American Cancer Society. It was sales, but for once I was "selling" something that helped people. Now at the American Diabetes Association, I work everyday to help people who live with a life altering disease.

**Why have you continued to be in fundraising?**

To me, fundraising is such an important job. Not only do you get to work with great volunteers, but you are raising money to fund research that can change millions of peoples lives all over the world. I also love knowing that at the American Diabetes Association we have so many patient services that help diabetics, like our summer camp for kids.

**What's the best thing about your job?**

I love planning events. It is a lot of work, but it always pays off in the end. Seeing the growth from each year for a major event, such as our Gala, means more dollars helping the cause.
